

राष्ट्रीय प्रौद्योगिकी संस्थान मेघालय
NATIONAL INSTITUTE OF TECHNOLOGY MEGHALAYA

303

शिक्षा मंत्रालय, भारत सरकार के अधीन एक राष्ट्रीय महत्व का संस्थान

An Institute of National Importance under Ministry of Education (Shiksha Mantralaya), Govt. of India

ANNEXURE I

Sl.no	Query	NIT Meghalaya reply
a)	whether the Government is providing any support to prevent online frauds, phishing attacks and financial scams affecting rural internet users including those in Bengaluru Rural Parliamentary Constituency;	NIT Meghalaya acknowledges and supports the Government's initiatives aimed at combating cyber fraud, phishing, and financial scams, particularly in rural areas. While NIT Meghalaya primarily caters to the educational needs of students and faculty, it adheres to cybersecurity guidelines issued by the Ministry of Education and the Indian Computer Emergency Response Team (CERT-In). The Institute also benefits from capacity-building initiatives and awareness materials circulated by national cybersecurity agencies.
b)	whether any cyber awareness camps or grievance redressal training has been conducted in partnership with the State police or the district administration; and	Yes, NIT Meghalaya has conducted cyber awareness activities and workshops on digital safety and cyber hygiene for students, faculty, and non-teaching staff. These programs were organized in collaboration with internal experts and occasionally involved participation from external resource persons, including local law enforcement and cybersecurity professionals. The Institute remains open to collaborating further with the State Police and District Administration to conduct more extensive training and awareness sessions, especially aimed at rural outreach.
c)	whether the Government proposes to launch a localised public awareness campaign on cyber hygiene in regional languages?	NIT Meghalaya is supportive of the Government's proposal to launch localized public awareness campaigns on cyber hygiene in regional languages. The Institute is willing to assist in such initiatives through outreach programs, translation of awareness materials into local languages, and dissemination through its technical and academic network.
