1	Although, they said stage-I is a screening test, almost all the candidates attended for stage-II, why they do not disclose the total number of selected candidates for the stage-II?	Stage 1 was held online and marks were awarded. No candidate was eliminated and everyone who appeared Stage 1 was called for physical interview.
2	Stage-II was to report physical mode and to appear before the interview panel at given location, why some of them were allowed to attend online mode?	Online mode was allowed only under two circumstances: (i) Candidates with severe medical problems or female candidates in the advanced stage of pregnancy. (ii) Candidates who are abroad and not able to reach India on short notice.
3	Further, during stage-II, a lecture demonstration was conducted initially. Based on it, they announced only few was selected for further round, which does not even disclose the selected & rejected list even when we request for. Why they have not disclosed the list and on what basis they scrutinized the candidates? Overall, the interview was conducted in biased way and was not a fair process, which they give a great suspense & doubt to the candidates. It gives a high demotivation to the future aspirants on future recruitment process.	Candidates were assessed in Stage 1 and through their applications for their research and publications. Lecture demonstrations were held to examine the teaching skills which is necessary for teaching at BTech and higher levels of teaching. Subsequently, the best candidates were called for the final round of interview.

1.	What initiatives were undertaken by the Department of Higher Education on June 5, 2024, in observance of World Environment Day?	On June 5, 2024, 180 plants were planted at the Sohra permanent campus of NIT Meghalaya in observance of World Environment Day. Participants in the event included our Director, the Dean of Planning and Development, four faculty members, and 20 research scholars.
2.	Were any specific measures taken to address heat waves and extreme heat conditions?	Meghalaya does not experience any heat wave issues. Its temperature never goes beyond 36°C even in the month of June. The average temperature ranges from 18°C to 24°C
3.	Are there any regulations or guidelines issued by the department for colleges to follow during extreme heat conditions?	Shillong's weather conditions are generally very pleasant and cool, so there is no need for guidelines regarding extreme heat conditions.
4.	What measures are in place to ensure the safety and well-being of students during extreme heat conditions?	Shillong's weather conditions are typically very pleasant and cool, so there is usually no need for specific guidelines to ensure the safety and well-being of students during extreme heat conditions.
5.	Considering the adverse effects of extreme heat, what reasons justify the continuation of college activities during such periods?	The extreme heat does not affect this place, Shillong, Meghalaya.
6.	How many plants were planted by the department or its affiliated institutions from June 2023 to June 2024?	More than 700 plants, 2200 vetiver grass, and numerous green grasses were planted from June 2023 to June 2024 at NIT Meghalaya's permanent campus in Sohra.
7.	If tree plantation activities were carried out, please provide details on the locations and types of plants.	The plantation activities were carried out in different phases.
