

Department of Civil Engineering

The Department of Civil Engineering has been in existence since July 2012. With an intake capacity of 30 students, the Department offers a four years (eight semesters) B. Tech programme in Civil Engineering Discipline. The department has initiated its Ph.D. programme since 2014, in various areas of Civil Engineering viz., Environmental Engineering, Structural Engineering, Water Resources Engineering and Geotechnical Engineering. Since July 2018 onwards, the Department has been offering a two years (four semesters) M. Tech programme in Structural Engineering. The Department is offering a common course for 1st year students on Engineering Drawing.

Department of Computer Science & Engineering

The Department of Computer Science & Engineering, NIT Meghalaya was started in July 2012. The Department offers B. Tech degree in Computer Science and Engineering discipline. This U.G Programme in Computer Science and Engineering is perhaps the most popular Programme in NIT Meghalaya, with an average intake of 30 students per year. The department has adequate facilities to support these teaching activities. The department also started its M. Tech program from 2014 with an initial intake of 20. There is also a PhD programme under which research scholars are admitted twice a year.

Department of Electrical Engineering

The Department of Electrical Engineering started since the inception of NIT Meghalaya. Presently the department offers B.Tech, M.Tech and PhD Programs. The B. Tech program started in 2010 with an intake of 30 students at NIT Surat and since 2014 onward M.Tech program has been started with an intake of 20 students offering specialization in Power & Energy Systems. Presently there are full time and part time research scholars, registered for the PhD program in diverse specializations.

Department of Humanities and Social Sciences

The Department of Humanities and Social Sciences has been an integral part of the Institute since its inception in the year 2010. The main objective of the department is the holistic and all round development of the technical graduates into socially responsible individuals. There has been strong exhortation and sensible view among the technical institutes that technical education needs to be complemented by a vital appreciation of the social values and interpersonal context of all learning. Responding to this eminent viewpoint, the department is infusing the concept of "Technology for the greater good of mankind and society as a whole" so that the students will not only excel in technical expertise but also inculcate among themselves excellence in communication, refinement of reasoning, openness to new ideas, and a commitment to social values and ethical behaviour.

The department strives to provide the students allied knowledge essential to engineering students and has expertise in various disciplines like English Language and Literature, European Literature in Translation, Abnormal Psychology, General Management, Marketing Management, Financial Management, Human Resource Management and Operations Management. The Department also offers a PhD programme under which research scholars are admitted twice a year.

Department of Mathematics

The Department of Mathematics started functioning in June 2012. Currently the department offers 2-year M.Sc. and PhD programmes. In addition, the department plays an important role as a supporting department to various B.Tech and M.Tech programmes of the institute.

The main objective of the department is to attract students of science and engineering, and to provide for them academically coherent programmes, with courses that range from the fundamental to the advanced. Also to provide students with friendly pastoral and academic support which will help them develop their capabilities in an environment where both independent study and interaction with staff and fellow students are encouraged.

Department of Physics

The Department of Physics, NIT Meghalaya was established in 2010. The department has actively imparted education to the students of B. Tech 1st years in theoretical aspects of various areas along with related experiments to provide greater understanding of the subjects that would help to become better engineers. The open electives are floated for B.Tech from 2nd Year onwards. The PhD programme in the Department is successfully running in the domain of Condensed Matter Physics, Applied Optics, Nuclear and Particle Physics. The Department has also started M. Sc. programme from 2015-2016 session with special emphasis on the applied aspects of Physics.
